The mission of the Federation is to support and further the common interest of the Jewish Community through Jewish Education, Social Services and Support of Israel.

# A Message from the President

David Stoller

What is the purpose of Federation? Some say that we are an umbrella organization intended to represent the greater Jewish community and to handle matters of mutual concern regardless of our individual affiliations. Others would argue that we serve no purpose and that we should be abolished. Many enjoy the Festival and the opportunity that it provides for those in the Jewish community to meet and exchange ideas and traditions once a year. But the real question is what is it that you expect from the Federation?

The Federation is comprised of individual members and member organizations like the Temples, sisterhoods, Jewish War Vets, B'nai B'rith and other Jewish groups. Yet most of these groups hardly ever send representatives to our meetings. Rather, it is the same group of about a dozen or so people who year in and year out provide their time and financial support to the Federation. Those who provide help with the Festival do so throughout the year and this is the single event that probably occupies the most time. However, many of the people who are on the Festival committee do not attend the meetings which the Federation holds every month throughout the year.

We are a small group within a small community with Temples that have difficulty keeping the lights on. The Rabbi at one Temple in the area takes issue with the existence of the Federation and has, in both my personal opinion and that of several board members of the Federation, publicly made it evident that he believes we need not be around. So I must ask, what is it that you expect from Federation?

Our community is small and with that comes a sense of compassion for the needs of the Jewish community which must be addressed in a timely and effective manner. Battles cannot be waged over every point with which one disagrees. The Jews in a small community like ours have each other and must care for and about each other.

So with that said, tell me what it is that you would like the Federation to do in an effort to stand up and confront the issues which you believe are not receiving their due. The Jewish community is not a large part of this area. But we as the Federation have provided the tools needed to identify issues of community concern and how to deal with them. If that is not enough, please tell me where you would like Federation to go and what we specifically can do to put your concerns forward.

I have been with the Federation for a few years, and what I see is a Jewish community that is apathetic about Federation. That is not the way to move our community to where you would like it to be. I am here to listen and would be glad to hear what you have to say about what you think Federation should be doing, and how we can be more responsive to your concerns.

## **From the Treasurer's Desk:**

We are nearing the end of my second year as treasurer of the Federation, and I must add that I am grateful for the opportunity to serve, and the time has come to ask for your patience and to hear what I have to say.

When this position was offered to me, I was given the usual description of the office, i.e., approve payments of Federation obligations and ascertain that we have the necessary funds for them. I was also advised that there should not be too much concern about having sufficient funds because there is a budget to provide for them. It didn't take more than the first two months of financial statements that I realized that we were living in the past, and that budgeting did not take into consideration that we were not raising the necessary funds.

OK, OK, so you know what I'm getting at. It would be redundant to refer to this oft-referred to period as the "Second Recession", and that times are difficult, and money is short, and it is difficult to answer appeals for aid to those in need.

When Betty and I moved to Brevard County, we were surprised and delighted to see such an active and numerous Jewish Community. Yes, we were really junior members of what is referred to as the "Greatest Generation", but we still didn't get a free ride out of that era. During those times, you either needed aid, or gave aid, without an alternative.

This year has been difficult for fund raising. Our annual major donor Campaign Kickoff fund raising event had to be canceled due to lack of attendance—another victim of everyone's concerns about the economy and employment.

Now, the year is almost over, and the Federation is very seriously short of its financial goal. Early contributions were far short of expectations, and many of you reached out to help when we sent out a second appeal. I hope that many of you can review your positions, and add to your contributions (even the IRS will approve soon next year!) Please reconsider how important it is for your Federation to continue its activities, such as the food pantry for Jewish families who are in need, supporting youth activities with the PJ Library program, which delivers free Jewish books to children, and providing need-based scholarships for Brevard Jewish Community School and for all our Temple's Hebrew schools. Also, our social services program provides assistance to Jews who need a little help to get by, pays their utility bills, medical bills and transportation. The Federation also provides Chanukah and Passover outreach packages for needy families. I hope that we can continue to award certificates to every Bar and Bat Mitzvah in the amount of \$500 to be redeemed toward a trip to Israel.

I hope that you can review your previous contribution, and will be able to add to it before the close of this year. The Federation depends on your donations to continue.

## **BJCS News**

### **Sixth Graders Start Zoo School**

On Oct. 4, BJCS sixth graders and their teacher, Ms Bobbitt, will begin a two month program at the Brevard Zoo. The grant-funded program utilizes the Zoo's valuable resources to teach students the Sunshine State Standards through real-life experiences. This truly integrated, thematic approach to science, math, social studies, and reading created a "school outside a school" where students composed poetic rhyme while gazing at flamingos; learned biology while kayaking the Zoo's restored wetlands; and, honed their math skills by pricing items they wanted to purchase in the Zoo's gift shop.

On a typical day, small groups of students will meet with keepers from the various "loops" to learn firsthand the specific behaviors, diets, and needs of a particular animal. Weekly, they attend interactive programs developed by education staff to learn about animal habitats and adaptations.

In addition, each class attends an informative "question-and-answer" session with the Zoo's resident veterinarian. BJCS sixth grade students will begin at our campus in the morning for Hebrew and prayers, then go to the zoo with their teacher for the remainder of the day.

### **BJCS Still Accepting New Students**

Brevard Jewish Community School is still accepting new students in the K-6 Academy and the Early Learning Center for 2-4 year olds. Please check out our outstanding programs.

## PM Netanyahu's Speech at the UN General Assembly

**Mr. President, Ladies and Gentlemen,**

Nearly 62 years ago, the United Nations recognized the right of the Jews, an ancient people 3,500 years-old, to a state of their own in their ancestral homeland.

I stand here today as the Prime Minister of Israel, the Jewish state, and I speak to you on behalf of my country and my people.

The United Nations was founded after the carnage of World War II and the horrors of the Holocaust. It was charged with preventing the recurrence of such horrendous events.

Nothing has undermined that central mission more than the systematic assault on the truth. Yesterday the President of Iran stood at this very podium, spewing his latest anti-Semitic rants. Just a few days earlier, he again claimed that the Holocaust is a lie.

Last month, I went to a villa in a suburb of Berlin called Wannsee. There, on January 20, 1942, after a hearty meal, senior Nazi officials met and decided how to exterminate the Jewish people. The detailed minutes of that meeting have been preserved by successive German governments. Here is a copy of those minutes, in which the Nazis issued precise instructions on how to carry out the extermination of the Jews. Is this a lie?

A day before I was in Wannsee, I was given in Berlin the original construction plans for the Auschwitz-Birkenau concentration camp. Those plans are signed by Hitler's deputy, Heinrich Himmler himself. Here is a copy of the plans for Auschwitz-Birkenau, where one million Jews were murdered. Is this too a lie?

This June, President Obama visited the Buchenwald concentration camp. Did President Obama pay tribute to a lie?

And what of the Auschwitz survivors whose arms still bear the tattooed numbers branded on them by the Nazis? Are those tattoos a lie? One-third of all Jews perished in the conflagration. Nearly every Jewish family was affected, including my own. My wife's grandparents, her father's two sisters and three brothers, and all the aunts, uncles and cousins were all murdered by the Nazis. Is that also a lie?

Yesterday, the man who calls the Holocaust a lie spoke from this podium. To those who refused to come here and to those who left this room in protest, I commend you. You stood up for moral clarity and you

brought honor to your countries.

But to those who gave this Holocaust-denier a hearing, I say on behalf of my people, the Jewish people, and decent people everywhere: Have you no shame? Have you no decency?

A mere six decades after the Holocaust, you give legitimacy to a man who denies that the murder of six million Jews took place and pledges to wipe out the Jewish state.

What a disgrace! What a mockery of the charter of the United Nations! Perhaps some of you think that this man and his odious regime threaten only the Jews. You're wrong.

History has shown us time and again that what starts with attacks on the Jews eventually ends up engulfing many others.

This Iranian regime is fueled by an extreme fundamentalism that burst onto the world scene three decades ago after lying dormant for centuries. In the past thirty years, this fanaticism has swept the globe with a murderous violence and cold-blooded impartiality in its choice of victims. It has callously slaughtered Moslems and Christians, Jews and Hindus, and many others. Though it is comprised of different offshoots, the adherents of this unforgiving creed seek to return humanity to medieval times.

Wherever they can, they impose a backward regimented society where women, minorities, gays or anyone not deemed to be a true believer is brutally subjugated. The struggle against this fanaticism does not pit faith against faith nor civilization against civilization. It pits civilization against barbarism, the 21st century against the 9th century, those who sanctify life against those who glorify death. The primitivism of the 9th century ought to be no match for the progress of the 21st century. The allure of freedom, the power of technology, the reach of communications should surely win the day. Ultimately, the past cannot triumph over the future. And the future offers all nations magnificent bounties of hope. The pace of progress is growing exponentially.

It took us centuries to get from the printing press to the telephone, decades to get from the telephone to the personal computer, and only a few years to get from the personal computer to the internet. What seemed impossible a few years ago is already outdated, and we can scarcely fathom the changes that are yet to come. We will crack the genetic

code. We will cure the incurable. We will lengthen our lives. We will find a cheap alternative to fossil fuels and clean up the planet.

I am proud that my country Israel is at the forefront of these advances - by leading innovations in science and technology, medicine and biology, agriculture and water, energy and the environment. These innovations the world over offer humanity a sunlit future of unimagined promise.

But if the most primitive fanaticism can acquire the most deadly weapons, the march of history could be reversed for a time. And like the belated victory over the Nazis, the forces of progress and freedom will prevail only after an horrific toll of blood and fortune has been exacted from mankind. That is why the greatest threat facing the world today is the marriage between religious fanaticism and the weapons of mass destruction.

The most urgent challenge facing this body is to prevent the tyrants of Tehran from acquiring nuclear weapons. Are the member states of the United Nations up to that challenge? Will the international community confront a despotism that terrorizes its own people as they bravely stand up for freedom?

Will it take action against the dictators who stole an election in broad daylight and gunned down Iranian protesters who died in the streets choking in their own blood? Will the international community thwart the world's most pernicious sponsors and practitioners of terrorism? Above all, will the international community stop the terrorist regime of Iran from developing atomic weapons, thereby endangering the peace of the entire world? The people of Iran are courageously standing up to this regime. People of goodwill around the world stand with them, as do the thousands who have been protesting outside this hall. Will the United Nations stand by their side?

Ladies and Gentlemen, the jury is still out on the United Nations, and recent signs are not encouraging. Rather than condemning the terrorists and their Iranian patrons, some here have condemned their victims. That is exactly what a recent UN report on Gaza did, falsely equating the terrorists with those they targeted.

For eight long years, Hamas fired from Gaza thousands of missiles, mortars and rockets on nearby Israeli cities. Year after year, as these missiles were deliberately hurled at our civilians, not a single UN

resolution was passed condemning those criminal attacks. We heard nothing - absolutely nothing - from the UN Human Rights Council, a misnamed institution if there ever was one.

In 2005, hoping to advance peace, Israel unilaterally withdrew from every inch of Gaza . It dismantled 21 settlements and uprooted over 8,000 Israelis. We didn't get peace. Instead we got an Iranian backed terror base fifty miles from Tel Aviv. Life in Israeli towns and cities next to Gaza became a nightmare. You see, the Hamas rocket attacks not only continued, they increased tenfold. Again, the UN was silent.

Finally, after eight years of this unremitting assault, Israel was finally forced to respond. But how should we have responded? Well, there is only one example in history of thousands of rockets being fired on a country's civilian population. It happened when the Nazis rocketed British cities during World War II. During that war, the allies leveled German cities, causing hundreds of thousands of casualties. Israel chose to respond differently. Faced with an enemy committing a double war crime of firing on civilians while hiding behind civilians - Israel sought to conduct surgical strikes against the rocket launchers.

That was no easy task because the terrorists were firing missiles from homes and schools, using mosques as weapons depots and ferreting explosives in ambulances. Israel, by contrast, tried to minimize casualties by urging Palestinian civilians to vacate the targeted areas. We dropped countless flyers over their homes, sent thousands of text messages and called thousands of cell phones asking people to leave. Never has a country gone to such extraordinary lengths to remove the enemy's civilian population from harm's way.

Yet faced with such a clear case of aggressor and victim, who did the UN Human Rights Council decide to condemn? Israel. A democracy legitimately defending itself against terror is morally hanged, drawn and quartered, and given an unfair trial to boot.

By these twisted standards, the UN Human Rights Council would have dragged Roosevelt and Churchill to the dock as war criminals. What a perversion of truth. What a perversion of justice.

Delegates of the United Nations, will you accept this farce? Because if you do, the United Nations would revert to its darkest days, when the worst violators of

human rights sat in judgment against the law-abiding democracies, when Zionism was equated with racism and when an automatic majority could declare that the earth is flat.

If this body does not reject this report, it would send a message to terrorists everywhere: Terror pays; if you launch your attacks from densely populated areas, you will win immunity. And in condemning Israel, this body would also deal a mortal blow to peace. Here's why.

When Israel left Gaza, many hoped that the missile attacks would stop. Others believed that at the very least, Israel would have international legitimacy to exercise its right of self-defense. What legitimacy? What self-defense?

The same UN that cheered Israel as it left Gaza and promised to back our right of self-defense now accuses us -my people, my country - of war crimes? And for what? For acting responsibly in self-defense. What a travesty!

Israel justly defended itself against terror. This biased and unjust report is a clear-cut test for all governments. Will you stand with Israel or will you stand with the terrorists?

We must know the answer to that question now. Now and not later. Because if Israel is again asked to take more risks for peace, we must know today that you will stand with us tomorrow. Only if we have the confidence that we can defend ourselves can we take further risks for peace.

Ladies and Gentlemen, all of Israel wants peace. Any time an Arab leader genuinely wanted peace with us, we made peace. We made peace with Egypt led by Anwar Sadat. We made peace with Jordan led by King Hussein. And if the Palestinians truly want peace, I and my government, and the people of Israel, will make peace. But we want a genuine peace, a defensible peace, a permanent peace. In 1947, this body voted to establish two states for two peoples - a Jewish state and an Arab state. The Jews accepted that resolution. The Arabs rejected it.

We ask the Palestinians to finally do what they have refused to do for 62 years: Say yes to a Jewish state. Just as we are asked to recognize a nation-state for the Palestinian people, the Palestinians must be asked to recognize the nation state of the Jewish people. The Jewish people are not foreign conquerors in

the Land of Israel. This is the land of our forefathers.

Inscribed on the walls outside this building is the great Biblical vision of peace: "Nation shall not lift up sword against nation. They shall learn war no more." These words were spoken by the Jewish prophet Isaiah 2,800 years ago as he walked in my country, in my city, in the hills of Judea and in the streets of Jerusalem.

We are not strangers to this land. It is our homeland. As deeply connected as we are to this land, we recognize that the Palestinians also live there and want a home of their own. We want to live side by side with them, two free peoples living in peace, prosperity and dignity.

But we must have security. The Palestinians should have all the powers to govern themselves except those handful of powers that could endanger Israel.

That is why a Palestinian state must be effectively demilitarized. We don't want another Gaza, another Iranian backed terror base abutting Jerusalem and perched on the hills a few kilometers from Tel Aviv.

We want peace. I believe such a peace can be achieved. But only if we roll back the forces of terror, led by Iran, that seek to destroy peace, eliminate Israel and overthrow the world order. The question facing the international community is whether it is prepared to confront those forces or accommodate them.

Over seventy years ago, Winston Churchill lamented what he called the "confirmed unteachability of mankind," the unfortunate habit of civilized societies to sleep until danger nearly overtakes them. Churchill bemoaned what he called the "want of foresight, the unwillingness to act when action will be simple and effective, the lack of clear thinking, the confusion of counsel until emergency comes, until self-preservation strikes its jarring gong."

I speak here today in the hope that Churchill's assessment of the "unteachability of mankind" is for once proven wrong.

I speak here today in the hope that we can learn from history -- that we can prevent danger in time.

In the spirit of the timeless words spoken to Joshua over 3,000 years ago, let us be strong and of good courage. Let us confront this peril, secure our future and, God willing, forge an enduring peace for generations to come.

Here is a one of a kind Jewish learning opportunity that will embrace your soul. Chabad will offer courses for those pursuing intellectual and spiritual growth. First-time learners or those with years of study will feel comfortable. A man wonders if his dying father should remain on life support. *What would you do?* A parent wonders if they should tell their child he has a potentially serious genetic disorder. *What would you do?* A woman wonders if she is morally obligated to give a kidney to her cousin who has to undergo dialysis daily. *What would you do?* Rabbi Konikov says, "*Chances are, like most people, you do not know what you would do...or even where you would turn for guidance. The courses are based on the premises that Jewish wisdom has much to say about these matters; and that the best time to deal with them is now, while the pressure is off.*" For reservations go to [jewishbrevard.com/JLI](http://jewishbrevard.com/JLI).

#### **Shabbat Services – Saturdays 11:00 AM**

*Join our warm and friendly weekly synagogue services just in time for Rabbi Konikov's contemporary message on the Torah portion and lively discussion. Our friendly, non-judgmental atmosphere offers a place to talk to G-d in Hebrew and English. Kids are encouraged and have a special place in our Synagogue. ## **New Member Shabbat Service**

This past year, Temple Israel abolished our policy of charging our members a specific dues amount and has adopted a “Fair Share Assessment Policy.” As a result of that change we are pleased to welcome a record number of new members to Temple Israel. We will be officially welcoming them and honoring them at a New Member Shabbat Service on Friday, October 29<sup>th</sup> at 7:30 PM.

## Congregation Beth El Happenings

This past month was the "big month" for Jewish Holidays. We celebrated Rosh Hashanah, Yom Kippur, Sukkot and Shemini Atzeret. We start October with Simchat Torah. Congregation Beth El had fantastic participation during Rosh Hashanah and Yom Kippur. Our attendance for services was great; we heard Torah and Haftorah readings by our very talented members. The "Break the Fast" dinner was enjoyed by many guests and members, and it was delicious. We should all be proud of our services and Break-Fast. Our members increased the number of food baskets supplied for Abraham's Harvest, setting a new record.

Congregation Beth El welcomes back our many members who have traveled throughout the country during our very hot summer. We also wish for the best for Anita Marcus who injured herself visiting family for the high holidays, and Irv Huppert who has been receiving medical care at the Mayo Clinic in Rochester MN. Our service schedule is Shabbat service on the 1<sup>st</sup> and 3<sup>rd</sup> Friday evenings at 8 PM and the 2<sup>nd</sup> and 4<sup>th</sup> Saturday mornings at 9:30 AM.

We are beginning the planning on our family dinner for December 3<sup>rd</sup>, the 3<sup>rd</sup> evening of Hanukkah. Immediately following services, we will hold our annual Hanukkah party.

## Brevard County Chapter of Hadassah

The Brevard County Chapter of Hadassah welcomes you all back from your summer hiatus with a wonderful program planned for **October 19, 2010** at 10 AM at the Eau Gallie Public Library. The general meeting will be followed by a unique program featuring hypnotist, Melissa Goldman. This open invitation is extended to all, and refreshments will be served. To see the entire meeting schedule and a list of upcoming events, please check our web site at [www.hadassahbrevard.org](http://www.hadassahbrevard.org).

Please mark your calendars for October 31 at 11 AM at the Tides (Patrick Air Force Base). This is the date of our annual Membership Brunch. The cost of this sumptuous meal is \$30.00. For further information, please contact Beth Shaffer, 321-453-6522. Make your reservations early as space is limited.

Our first fund raiser, a *Zumba Gold* class, is scheduled for Sunday, **November 14, 2010** at the Come On, Get Happy studio in Cocoa Village. This promises to be a fun-filled afternoon, designed for active older adults and beginning Zumba students. The cost is \$15.00 per person with refreshments to follow your "workout." For additional information and to learn about Zumba, go to [www.ZumbaHappy.com](http://www.ZumbaHappy.com).

We would like to salute our member, Lois Felder, for her outstanding work on the project, "Hadassah Goes Green Month, December 2009." Lois' photo with the Mayor of Titusville was featured in the June/July issue of the national *Hadassah Magazine* (page 73) where she was recognized for her dedication to environmental issues. Lois obtained a Proclamation from Mayors of 13 local cities, and a Resolution from the Brevard County Commissioners. She went on to plant 22 native trees in 13 days at various locations throughout the County. Each tree was accompanied by a small plaque noting that this was a gift of the Brevard County Chapter of Hadassah. In addition to the trees planted locally, the Chapter sold 226 Unity Tree certificates for Cocoa's Sister City, Bet Shemesh, in Israel. Working with the educational program of the Brevard Zoo, Lois hosted an environmental presentation at Temple Israel in Viera. She felt that it was important to educate the youth on the importance of indigenous plants, recycling, and caring for the Earth.

Lois is now the Central Florida Regional Chair of the Jewish National Fund (JNF). She is urging everyone to purchase trees to plant in Israel to replenish the one million trees (1,000,000) recently destroyed through acts of arson. This is a meaningful way to honor or remember a family member or good friend while supporting JNF. Please visit our web site [www.hadassahbrevard.org](http://www.hadassahbrevard.org) for further information on how to purchase your trees.

### Sushi in the Sukkah

On Sunday, September 26, Jews from all over the Space & Treasure Coasts enjoyed the year's best Sukkot party at Chabad of the Space & Treasure Coasts.

From an excitement and children's joy standpoint, all enjoyed delicious sushi, face painting, a magic show and, what every Sukkot party needs, a giant foam machine!

Kosher hot dogs and chicken wings rounded out the food fare.

**ROHR JEWISH LEARNING INSTITUTE  
COMING TO BREVARD**

Rabbi Zvi Konikov, Director, has announced that beginning this fall Chabad of the Space & Treasure Coasts will be offering dynamic courses as a local affiliate of the Rohr Jewish Learning Institute (JLI).

The Rohr Jewish Learning Institute is the largest institute of adult learning of its kind, teaching in over 300 cities around the world. Its professionally conceived courses, open to the public, are taught through interactive dialogue accompanied by dynamic textbooks and dramatic audio-visual presentations.

While designed for any adult, the first group of courses are CME (Continuing Medical Education) and CLE (Continuing Legal Education) approved by the American Medical Association. This is added appeal for doctors and attorneys by providing the opportunity for continuing education without the need to travel.

The first group of courses, **Medicine and Morals: Your Jewish Guide Through Life's Tough Decisions**, begins Tuesday, October 26 at the Chabad Jewish Community Center at 1190 Highway A1A in Satellite Beach.

Fee for the six courses is \$60 (\$108 per couple) and includes textbooks and learning material.

*"The courses", according to Rabbi Konikov, "are based on the premises that Jewish wisdom has much to say about these matters; and that the best time to deal with them is now, while the pressure is off."*

For reservations go to [jewishbrevard.com/JLI](http://jewishbrevard.com/JLI).
